VI does not have an approved program, therefore we enforce & cite the federal regs.

Just for my info, please send me a copy of the approved VI regs. Thanks.

Karen - Do we need to cite these newly promulgated UST regulations for the Total UST violations in the VI? I would think that since they were not relevant during the time period of the violations that they are only material for current compliance/injunctive relief.

Dennis:

My apologies for the delayed update, it's been a bit of a busy week. With that said, kindly note that Governor de Jongh approved and signed the regulations on May 6, 2014. The signed documents have been forwarded onto the Lt. Governor's office, the party responsible for "publication." Please let me know if you have any questions. The Department extends our gratitude to you and your staff for all of your assistance and understanding over the course of this project.

Regards,  
M. Morancie
